## **Instructions for Abstract Submission**

Abstracts will be reproduced in the *River Crossings: Linking River Communities* Program, distributed to participants, and used by session moderators to introduce you, your fellow speakers and panelists. Please submit an abstract for each solo presentation and panel on which you would like to participate, and for each poster you'd like to display as a separate electronic document in MS Word format. If we receive multiple abstracts for one topic we may ask you to appear on a moderated panel for that topic. While we welcome all posters, we may not be able to accept all presentation abstracts due to scheduling constraints.
